Dear Dr. Nezhat,

There are people we count on, whose wisdom and caring help make everything work out just right, and you are one of those people. I want to take this opportunity to thank you and your wonderful staff for helping me when I was desperately in need of help.

I was lost, scared and worried until I got your name from my network of friends and met with you. Your staff and your associates, Dr. King, Dr. Verraswami, and Dr. Gomaa are impeccable.

It only takes one seed for a garden to grow, one smile to lift a spirit, as yours did for me, one conversation to ease the anxiety as Dr. King did for me before my surgery, one person can make all the difference.

Your medical practice does not just have one person; you are blessed to have a whole staff of kind, warm and compassionate people. It is with great appreciation and gratitude that I write this letter to let you know you have helped me. Just knowing I can continue to seek medical care with you and your staff, when needed, is a big relief to my husband. My prayers were truly answered when I discovered you and your staff.

Though the words are simple they come from my heart...THANK YOU!

WITH SINCERE GRATITUDE,

B
