

Dear Marianna, Michelle, Ashley, Melanie, Geneva & all staff,  
March 2022

Dr. Arpank Neglani & Dr. Carmen Neglani are amazing physicians.  
Behind managing Paters is an amazing team - you all!  
Every appointment I have had since July 1 - March 1 your team has

always shown me the same kindness & patience. They appt' me on anxiety,  
nerves & stress but you all always stayed professional, kind & understanding.

Thank you for everything you do each day for our entire community. Your  
work in a clinic that really more addressing means so much. I am forever  
grateful for the care & understanding I have had at each of you.

I can't wait to see photos of our baby & make it on the wall.  
God bless you and your family & yours take good care.

Forever grateful,  
Abby Bowers
